

## **NUT POLICY**

Caterers Choice Ltd. supply a wide range of products, including canned goods and flour based cake mixes from a broad range of BRC accredited suppliers

Not all of these products are nut free. In fact nuts may be an integral part of some products.

Caterers Choice takes great care to ensure that all of our customers are provided with accurate allergen information on every product in our range.

All of our product specifications, which are available on request, now contain comprehensive allergen information. We have worked very closely with our suppliers to verify that this information is accurate to the very best of our knowledge.
